EXPERIENCE

Medlie, Sonoma, CA   May 2019 – October 2019
Marketing Intern
- Secured partnerships with other brands and influential advertisers for Medlie, a startup CPG company in the health and wellness market
- Led multiple projects to increase brand awareness – exposing two million new consumers to Medlie's products
- Analyzed trends in branded content and pitched marketing strategies to drive more online conversions

Varsity Soccer Team, Middlebury College, Middlebury, VT   Fall 2018
Manager (recruited athlete but managed due to ACL injury)
- Organized team meetings, travel plans and logistics
- Helped set up and run practices and game warmups

Cupcakes and Code, Moraga, CA   Summer 2017
Founder and Lead Instructor
- Created a summer camp for girls ages 6-10 to introduce them to computer science and basic coding – mainly using Scratch and Google's Made with Code
- Exposed girls to influential women in the tech industry with inspirational videos, games and projects
- Paired coding projects with cupcake decorating (ex: coded an emoji and then decorated emoji cupcakes)

Girls Who Code Summer Immersion Program, Square Headquarters, San Francisco, CA   Summer 2016
- Learned several coding languages during a 7-week program at Square HQ (35 hours/week)
- Created an app to find local community service opportunities; presented final group project to Jack Dorsey
- Went on field trips to high tech companies such as Twitter and Dolby; met many female executives in the industry

COMMUNITY SERVICE

Pack for a Purpose, Tanzania & Uganda   Summer 2015 & 2018
- Collected over 400 pounds of supplies including sporting equipment, sewing materials, first aid kits, etc. for each trip
- Visited two schools and an orphanage – met with children and community members to deliver donations

ADDITIONAL

- Proficient in Python and Java – Technical Skills include Excel and PowerPoint
- Activities: Middlebury Consulting Group, Student Government Health & Wellness Committee, Middlebury Women on Wall Street
- Interests: Yoga, meditation, traveling, reading, hiking & running
